

ORGANIC PRODUCER TRAINING GRANTS

These grants are intended to provide support for ongoing training to producers interested in transitioning to or presently utilizing organic practice to produce organically grown food products. The goal of this grant program is to provide training stipends to producers that will further their ability to produce organic food products in the Iowa and Cedar Valley region.

GRANTS up to \$250

Grants are made possible through support from Frontier Natural Products Co-op

I-Food in their effort to promote the integration, utilization and access of locally produced food across the counties of Benton, Iowa, Johnson, Linn, Poweshiek, Tama and the Meskwaki Settlement, identified the need to develop educational opportunities that promote organic food production and to support farmers interested in learning about organic food production and resources.

deadlines

Apply quarterly by Dec. 31st, March 31st, June 30th, September 30th
